Summary

Motivated Computer Science graduate with hands-on experience in full-stack web development using Python technologies. Skilled in developing secure and scalable applications using Django, FastAPI, REST APIs, MySQL, and Docker. Passionate about solving real-world problems through software solutions with strong analytical, communication, and teamwork abilities.

Education

VIT-AP University, Amaravati, Andhra Pradesh
Bachelor of Technology (B.Tech) in Computer Science and Engineering

Oct 2021 – May 2025
CGPA: 7.78/10

Projects

Task Management System with User Authentication

FastAPI, SQLAlchemy, JWT, MySQL, Docker, Postman

- Developed a secure task management application using **JWT authentication** and role-based access control.
- Built **RESTful APIs** for task creation, updating, deletion, and user management using SQLAlchemy ORM.
- Tested API endpoints using **Postman** and containerized the application using **Docker** for consistent deployment.

Library Management System

Python, Django, Django REST Framework, MySQL, Bootstrap, Chart.js

- Designed a full-stack library management system with secure authentication and role-based permissions.
- Developed **REST APIs** for book search, availability tracking, and loan management.
- Implemented overdue fine calculations, email reminders, and analytics dashboards using **Chart.js**.

Technical Skills

Programming Languages: Python, JavaScript, SQL

Backend Technologies: Django, FastAPI, Django REST Framework, REST API Development

Frontend Technologies: HTML, CSS, JavaScript, Bootstrap

Databases: MySQL, SQLAlchemy

Tools & Technologies: Git, GitHub, Docker, Postman, VS Code

Cloud & Platforms: AWS

Core Concepts: OOP, DBMS, Authentication, Role-Based Access Control

Soft Skills: Communication, Leadership, Teamwork, Problem Solving, Adaptability

Certificates

- AWS Cloud Practitioner
- Python Certification

Achievements

- Built two end-to-end full-stack applications covering backend development, database design, API development, and containerization.
- Presented software development projects at the B.Tech Project Expo, demonstrating communication and leadership skills.
